DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 3/23/06 has been entered.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 1-3 and 5 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In claim 5, line 9, it is unclear as to how one can "reuse metal materials separated in the separating step" when the "step of separating" does not include separating metal materials. Appropriate correction is required.

4. Claim 1 recites the limitation "the main component parts" in lines 3-4 of the claim. There is insufficient antecedent basis for this limitation in the claim.

5. Claim 2 recites the limitation "the disassembled major component parts" in lines 5, 8-10, and 13. There is insufficient antecedent basis for this limitation in the claim.

6. Claim 5 recites the limitation "metal materials" in line 9 of the claim. There is insufficient antecedent basis for this limitation in the claim.

Allowable Subject Matter

7. Claims 1-3 and 5 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
8. Claims 4 and 6 are allowed.
